Electrical Engineering – Prerequisites and Roadmap (2016-18 Catalog)

Note: Color highlighted courses are critical bottlenecks for this degree program (as prerequisites to other core and elective courses).
Electrical Engineering – Elective Course Prerequisites (2016-18 Catalog)

Legend
Standard Prerequisite
Transitional Prerequisite
(to handle differences between quarter system and semester system prerequisites)

CMPS 2120 Discrete Structures
CMPS 3120 Algorithm Analysis
(CS Prereq Path)

CMPS 2020 Programming II

Note: Color highlighted courses are critical bottlenecks for this degree program (as prerequisites to other core and elective courses).
