Examples of Bibliography

Joseph E. Sutton

May 8, 2009

1 Introduction

This \LaTeX{} document show you how to use Citations and Bibliographies.

2 Want to know more?

Build the \LaTeX{} document twice to link the citation to the references.

Here are a few examples of citations:

- Linear and Non-Linear Educational Modeling[4].
- Elements de Mathematique[5].
- Calculus Without Analytic Geometry or Boundaries[2].
- Linear Programming for the Millenia[1].
